LITHUANIA IS THE ONLY COUNTRY IN THE WORLD WITH ITS OWN OFFICIAL SCENT?

Lietuvos Kvapas, the national perfume, created in 2011 by Dainius Rutkauskas evokes the identity of the country.

The scent is a heady mix of bergamot, wild flowers, ginger, raspberries and grapefruit, with base notes of amber, cedar, sandalwood, patchouli, tree moss and tree smoke.

LITHUANIA IS RANKED THE 1st IN THE WORLD BY NUMBER OF HOT AIR BALLOONS PER RESIDENT?

There are few European capitals where you can fly hot air balloons, and Vilnius is one of them. Pick a destination of your choice and see Lithuania and its landscape from above. Do it privately or as a corporate event or even attend a hot air balloon pilot school – it's all possible in Lithuania!

THE GEOGRAPHICAL CENTER OF EUROPE IS LOCATED IN LITHUANIA?

VILNIUS

POPULATION

539,939 (2014)

FOUNDING

Founded in 1323 by Grand Duke Gediminas (granted city rights in 1387)

THE LEGEND OF VILNIUS

Grand Duke Gedeminas established the city of Vilnius after an unusual dream during a hunting trip in the forests of Šventaragis Valley. He spent a night near the mouth of the Vilnia River and dreamt that an iron wolf was standing on the top of a hill and howling toward the moon as loud as a hundred wolves. The next day, his priest explained the dream to the Grand Duke. The priest interpreted the dream to mean the Grand Duke should establish a city among these hills. The fame of the city would be as glorious as the sound of the wolf's howling in the dream. The Grand Duke established the future capital and borrowed the name of it from the rapid Vilnia River.

VILNIUS TODAY

When Napoleon passed through the city in 1812, he described Vilnius as "the Jerusalem of the North" because of the influence of its Jewish inhabitants that continued until the 20th century. Today, one of the largest historical city centers in Europe, Vilnius represents a blend of various architectural styles. The heritage of previous centuries are preserved next to the emerging new styles of art and architecture in the new developing business and commercial area: the New City Centre.

KLAIPEDA

POPULATION

184,000 inhabitants

LOCATION

3rd biggest city of Lithuania, 311 km from Capital Vilnius and only 25 km from Palanga Airport, on the coalescence of the Curonian Lagoon, a UNESCO Heritage site and The Baltic Sea.

THE HISTORY OF KLAIPEDA

The story of the city, originally named Memel, began in 1252 when the Memelburg Castle was built by the Livonian Order. The city of Klaipeda started to grow around it. It became the temporary Prussian capital during the Napoleonic Wars. In 1923, Lithuania finally annexed the city after long discussions with its protectorate, the Entente Powers (Great Britain, Russia, France).

KLAIPEDA TODAY

This vivid city, full of joy and entertainment, is unique for its Old Town and outstanding examples of German Fachwerk architecture. The city attracts thousands of visitors each year to its annual Sea Festival and Jazz Festival, as well as the recently opened Dolphinarium. Bohemian people, white mews and the smell of sea will be remembered for a long time once you visit Klaipėda.

THE OLD TOWN OF VILNIUS IS ONE OF THE LARGEST SURVIVING MEDIEVAL OLD TOWNS IN NORTHERN EUROPE?

In Vilnius' Old Town, a UNESCO World Heritage site, you can explore various centuries and architectural styles including Gothic, Renaissance, Baroque and Neoclassical. THERE IS A UNIQUE SITE OF PILGRIMAGE IN LITHUANIA?

The tradition of placing crosses on the Hill of Crosses, Kryžių Kalnas dates as far back as the 14th century. It is no wonder that today there are more than 100,000 crosses on the hill, which is located near the city of Siauliai. It is still the pilgrimage center for Catholics, who place crosses of different sizes, statues of the saints and rosaries there.

THERE IS AN INDEPENDENT REPUBLIC WITHIN THE CITY OF VILNIUS?

Užupis, the oldest and the poorest district in Vilnius, is a small neighborhood within the Old Town. However, it is as bohemian and full of laissez-faire atmosphere as Montmartre in Paris and Freetown Christiania in Copenhagen. The Republic of Užupis was established by artists in 1997 and has its own flag, currency, president, cabinet of ministers, anthem, army (approximately 11 men) and a constitution that outlines its citizens' rights.

SPRING IS THE PERFECT TIME TO EXPERIENCE THE BEST OF LITHUANIAN CUISINE?

The best time to try the Lithuanian Tree Cake, also known as 'raguolis' (which means "spiked") or 'sakotis' ("branched"), is during the Kaziukas Fair, known as Kaziuko Mugė. Visit Vilnius or Kaunas in late February or early March (the last Sunday before St. Casimir's Day) and taste a vast variety of traditional foodstuffs like apple cheese, honey cookies or kvass, a fermented beverage made from rye bread. The Kaziukas Fair is a large annual folk arts and crafts fair dating to the beginning of the 17th century.

A SAUSAGE CAN ACTUALLY BE STUFFED WITH POTATOES INSTEAD OF MEAT?

The passion for potato dishes in Lithuania has transformed the notion of weird into classical in terms of cuisine. To try 'vėdarai', a potato sausage, is an unforgettable experience due to its taste and look - sample it with sour cream or caramelized onions.

LITHUANIAN'S NATIONAL DISH IS NAMED AFTER A TYPE OF AIRCRAFT?

The most traditional Lithuanian dish, Cepelinai dumplings, are of course made of potatoes. It is a dumpling shaped like a zeppelin, the iconic airship of the early 20th century invented by Count Ferdinand von Zeppelin. These dumplings are made of riced potatoes and usually filled with minced meat. Cepelinai is on menu of almost every restaurant in Lithuania - even vegetarian versions of this dish exists...
